

- CONNECT

is an independent .NET application to access your SAP R/3 data, based on PortworX™ technology. CONNECT provides real time information from the database underneath SAP R/3 at any time, instantly. It is an application specifically developed as connector for ProClarity Live Server. CONNECT reads, decodes and converts SAP data for use with ProClarity Live Server.

The Live Client Panel window shows a tree view of data sources:

- Open Workbooks
- (My Service Requests)
- proclarity
 - CSV
 - Cost Center List
 - Cost center name
 - Cost center primary cost
 - Customer Address

CONNECT consists of an application platform and specific "services" that provides SAP R/3 application data to MS Excel spreadsheets via ProClarity Live Server without connecting first to the SAP system. Therefore the system even works during SAP downtime, if desired.

CONNECT was developed and is maintained from an SAP consulting company. It assures you of competence and understanding of user requirements and service aspects.

CONNECT does not incur per head user license fee. (The Database Vendor may requires additional license fees)

Primary Business Address
977 Elkin Lane
Keller, TX 76262

A&H Consulting

A&H Consulting (AHC) is a privately held corporation that was founded in January 1997 in Boston, MA by the German entrepreneurs Anne and Hans Koehlmos, who have been serving the SAP community since 1982. Some of our major customers include ExxonMobil, ChevronTexaco, SAP Labs, Hawaiian Tropic, Masonite, and others. We are certified as a women-owned business by the Women Business Enterprise National Council (WBENC).

We specialize in providing value-added services around SAP software and offer a full range of functional and technical SAP expertise in Financial (FI/CO, AM, PRA), Materials Management (MM), and Sales and Distribution (SD). For example:

- SAP implementations
- Release changes
- System enhancements and conversions
- Interface design and development
- Design and development of additions and extensions to standard SAP software
- Troubleshooting, and
- SAP software R & D
- In-house development

In order to serve our clients in both more cost effective and time efficient fashions, we have entered into strategic alliances with select SAP consulting companies located throughout the nation. Our partners in California, Massachusetts, Florida, and South Dakota not only complement our services but also extend our knowledge within all SAP modules.

AHC is an EOE and offers its employees tremendous benefits. AHC realizes that its employees are its greatest assets, especially in striving to become one of the nation's most qualified niche SAP services.
